

Year 1 Newsletter Spring 1

2018

Topic : Toys

Here is an outline of some of the learning activities for the year1 classes this half term.

Phonics

Over the next half term we will be carrying out a practise phonics screening assessment with your child. This will be described as a 'fun phonics challenge.' We will discuss the results from this at the next parents evening. If you would like to speak to us before, please do so.

Reading

Well done to all the children who have made progress in the Reading Challenge. Please continue to read with your child home and to ask them questions about what they have read.

Maths

This half term we will be looking at money, 3D shapes and place value. We will be partitioning numbers into tens and ones. We will continue to reinforce counting in 2s, 5s, and 10s.

Science

We will be looking at different types of trees including evergreen and deciduous trees. We continue to look at seasonal changes. We will also be recapping materials and their properties.

Writing

This half term we will be focussing on non-fiction writing and writing our own information book about toys. Please share information books with your child.

Exciting News

Wednesday 31st January - Phonics Afternoon
Friday 9th February – Purple Class Assembly
