

30th September 2022

A message from Mrs Knights

We have had another fun week in school. Despite the chilly mornings we have still been outside making the most of our playground and apparatus area. This week children designed their own Christmas Cards. You will have the opportunity to purchase printed versions of your child's card in the next few weeks - keep an eye out for more information. As part of their Superhero topic, Year 2 have turned themselves into superheroes, painting a self portrait and designing a superhero mask. They are on display in school and the display has been posted on Twitter <https://twitter.com/KingswayInfants>. We wish you all a restful weekend and look forward to seeing you all next week.

In Reception this week, we have been thinking about how we keep ourselves fit and healthy. We read the story 'Avocado Baby' and even tried eating avocado for our snack. Not everybody wanted to try it but those who did said it was "yummy". We have continued being amazing in phonics, learning more of our sounds. We have worked hard on our letter formation practising forming our letters in shaving foam before writing them in our books. In Maths we have been exploring counting strategies to help us count objects or sounds accurately.

Head Teacher's Award

Hibah, Ansh, Freddie & Rebeca for their excellent work in Maths

Albie and Ava for their brilliant work in computing

Well done!

In Year 1 we have been looking at families. We learnt that all families are different. Some families are small, some families are big. Some families celebrate Christmas and some celebrate Eid. We wrote fantastic lists about what we could take for a picnic and learnt how to write a card with wishes. In Maths we were looking at numbers to 10. We counted different representations of numbers to identify the same value. We used tens frames, digit cards, cubes and bead strings to help us. We also used digit cards, pictures of objects and playing cards to match values to mathematical models and numerals.

Year 2 have done lots of exciting learning this week! In Maths, we learnt about place value and how ten ones make up one ten. Using this knowledge, we played a subtraction game, swapping 10p for ten 1p. The first person to reach zero was the winner! We also got our hearts racing in our science lesson, where we learnt the importance of having a healthy heart.

MSA

MIDDAY SUPERVISORY ASSISTANT

Could you help at lunchtime??

11:50am – 1:10pm

Come and join our lovely lunchtime team!

ENQUIRE NOW

Please call or email the office for an application form 01923675005 or admin@Kingsway.herts.sch.uk

Where learning is fun!

Happy Birthday

Haaris
