

10<sup>th</sup> September 2021-----

**Reception** This week we have been exploring different areas of our classroom. We have enjoyed making collage pictures of ourselves and making different patterns using clapping games! It was a lot of fun using the outside equipment for the first time!

**Year 1** We have been learning about our emotions and how we can express different feelings. We also talked about what to do when we feel sad, scared or lonely. In Maths we have been learning about positional language and turning. Can you tell which is your left and right side? Can you make a half turn and three-quarter turn to the left?

**Year 2** We started our topic 'Superheroes'. We have created a character profile for a superhero, identified the features of comics and thought about a superpower we would like to have. In our art lessons, we have created a self-portrait. Next week, we will be creating a superhero mask which we will be putting onto our self-portrait. We can't wait to see how they turn out!

## School Council and Eco Council

**Congratulations** to all our successfully elected children who are now part of the school leadership team. School council had their first meeting with Mrs Walmsley today. They were keen to talk about the great school dinners, brilliant book corners and fun learning especially in maths! Eco Council met with Mr Papciak and toured the school looking for ways the save the planet
