

What an amazing week it has been, at Kingsway, travelling around the world. We have learnt new dances, seen some amazing outfits and learnt about different cultures and countries. I have heard a poem from Scotland, seen names written in a different language and seen pride on the faces of children when they talk about their heritage. Thank you all for supporting the children and I know they have enjoyed the week as much as I have. Thank you too, to our wonderful staff who made this such an exciting week by teaching dances, sharing their hairstyles, bringing in traditional clothes for the children to try on and creating traditional artwork - along with many other activities. Wishing you all an enjoyable weekend.

# YOU MAKE US PROUD

**Happy Birthday**  
 Musab Dexter  
 Oliver Rocco  
 Emily

## STARS OF THE WEEK

Naysha	Rohan
Ariya	Ioan
Elsie	Harris

Breakfast Club  
 Star of the Week  
 Amelia

WELL DONE to all the children who made it onto our 'You Make Us Proud' board.

- Ibad Zak Charlotte  
 Amelia Harrison Daniel

**Head Teacher's Award**

Semeli in Red for writing her name in Greek.  
 Omar and Noah in Red for amazing writing.

Well done!

# Measles

IT ISN'T JUST A LITTLE RASH

MEASLES SYMPTOMS TYPICALLY INCLUDE

- High fever (may spike to more than 104° F)
- Cough
- Runny nose
- Red, watery eyes
- Rash breaks out 3-5 days after symptoms begin

Measles can be dangerous, especially for babies and young children.

Measles Can Be Serious

- About 1 out of 4 people who get measles will be hospitalized.
- 1 out of every 1,000 people with measles will develop brain swelling due to infection (encephalitis), which may lead to brain damage.
- 1 or 2 out of 1,000 people with measles will die, even with the best care.

You have the power to protect your child. Provide your children with safe and long-lasting protection against measles by making sure they get the measles-mumps-rubella (MMR) vaccine according to CDC's recommended immunization schedule.
