Where learning is fun!

Welcome to our weekly newsletter.
It has been another busy week in school! Miss Smith and I have visited each classroom. We were so impressed with how well the children were responding to the expectations for learning, such as sitting nicely on the carpet, not calling out and their engagement with their learning. The teachers demonstrated excellent questioning skills, giving lots of praise to children. All staff demonstrated how they are supporting and checking in on children. Well done, Kingsway!

Year 2 On Monday it was 'Outdoor Classroom Day', where during our maths lesson we completed a range of physical activities which involved maths learning. For example, we counted the points for each bean bag that we threw to help us to make a total, we played games on the 100 square where we found odd or even numbers or numbers that were multiples of a certain times table and we played giant snakes and ladders. In our other maths lessons, we have been looking at number and place value. We played a game called 'make 100' where we had to regroup 10 ones cubes for one 10 stick.

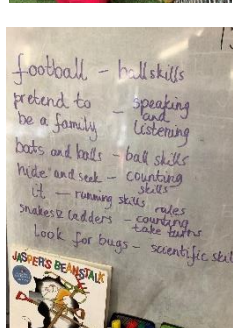

Head Teacher's Award

Oakley in Yellow for his excellent Science work

Well done!

Year 1 This week we celebrated Outdoor Classroom Day. We took the opportunity to think about how we could take our learning outside. We thought about what games we could play outside and how we could develop the skills we have been learning even further. We had great fun! In Science we learned about our five senses. We thought carefully about which body parts we use to explore the world around us, like smelling with our nose or touching with our hands. We also talked about how our senses help us to keep us safe and alert us. Such as hearing a siren or smelling the smoke of a fire.

Reception This week we have started teaching phonics, the children have been great at spotting words with the sounds we have taught. In Maths we have been learning about subitising patterns and how we use them to recognise number values. We have also talked about our bodies, we built a body and talked about what we use different body parts for.

WELL DONE to all the children who made it onto our 'You Make Us Proud' board.

Samuel **Freya** **Hallie**
Aurora **Ryan** **Ioan**

Well done to Jacob, he was awarded player of the week at Rugby this week for the Fullarians U7s

If you have done something amazing please let us know by emailing the office so we can recognise you, this could be joining a club outside of school, volunteering or raising some money for charity!

STARS OF THE WEEK

Mella-Rae **Alfie**
Zaina **Disha**
Louie **Indiana**

Sustainability

Today, the eco-council held their first meeting with Mrs Hedges. They discussed how re-homing toys can stop them being thrown away. If you have any transport toys that you would be able to donate to use in our playground, please let the office know.

PUPIL PREMIUM

If you think your child qualifies for Pupil Premium please apply using the link below or contact the office for further help.

Attendance

Congratulations to **YELLOW** class.

Keep up the amazing work 😊

RED	94.4%	ORANGE	96.7%
BLUE	95.2%	PURPLE	94.1%
GREEN	96.5%	YELLOW	98.6%

Today, the school council held their first meeting with Mrs Knights. They discussed events they might like to hold over the year and what their thoughts are on the playground.
